We would like to thank our loyal customers, some of whom grew up with Discovery Toys products a generation ago, and welcome those who are encountering our award-winning collection for the first time. The company, over its 40 year history, has never wavered in its mission of making a difference in the lives of children.

Early childhood educator Lane Nemeth founded Discovery Toys in 1978 and believed from the get-go that a direct sales force offers the best consumer experience for reviewing top quality learning-through-play products. A DT Toy Event offers a customer experience that exceeds the one found in traditional retail as you can actually touch and play with the toys and learn about the rich benefits of our time tested treasures. Discussing a child’s specific needs and interests with a DT Educational Consultant will generate suggestions for the most appropriate products.

The company’s focus on kinesthetic, multi-sensory, child-directed toys and games is more important than ever in today’s world. Excessive electronic media, early performance pressures, and reductions in play time have produced a generation who struggle to think for themselves, to communicate with others, and to solve complex problems. Our fun developmental products offer a valuable alternative for building young minds.

Just ask your local Educational Consultant to help unlock the riches of 1) the products in this catalog and 2) your own home-based Discovery Toys business.

Thanks for supporting our 40th Anniversary! Every child is a reason to celebrate!

Jerry R. Salerno       James D. Myers
CEO Discovery Toys     CFO Discovery Toys

We are committed to making every item safe. Our products are BPA Free and meet or exceed all required safety standards for the USA and Canada. For your assurance we back our products with an unconditional satisfaction guarantee (within 30 days for books, CDs and select toys*).

Become part of a growing North American team that believes investing in our children is of paramount importance!

I joined the Discovery Toys family while on maternity leave and was excited to see how quickly I was able to start earning an income that allowed me to stay home with my child when my leave was over. With DT I was able to build a team and create the business and home life balance I craved. I was surprised at how many wonderful new friends I met through DT and the sense of personal fulfillment I felt. I am proud that I am enriching families’ lives with our outstanding products and helping others build their own businesses to achieve their financial and family goals.
