

Discovery Toys wants to recognize those professionals who are often under appreciated yet serve a critical role in helping our young children build a solid foundation for learning success ➔ Preschool Educators.

We especially want to honor those preschool teachers who effectively employ techniques to develop the traits that today's young minds will need to become the lead contributors in tomorrow's world. These traits include divergent thinking, creativity, inquisitiveness, initiative, resiliency, social confidence, empathy, and diplomacy. We want to hear about the preschool teachers across North America who:

- Employ play-based learning techniques & activities in the classroom
- Encourage open discussion and interaction with students
- Inspire open-ended, creative, out-of-the-box thinking
- Engage parents and colleagues in supporting the students' development
- Display a passion for early childhood development & a commitment to excellence

We will share the names of all nominees on our corporate website and on social media. From this pool we will select the Top Preschool Educator for the 2018-2019 school year, along with 4 other Runner Ups.

The Top Educator will receive:

- \$250 for the educator
